

READY-TO-USE

DEER OFF®

Patented Dual Deterrent System™ provides odor and taste barriers to repel deer, rabbits, tree squirrels, and other animals from browsing and feeding upon edible crops, flowers, grass, bulbs, shrubs, plants, seedlings, and trees. Weather-resistant formula provides effective, long-lasting protection. *Registered in California for deer only.*

Treats 20-25 ornamental shrubs four feet tall or approximately 200-250 square feet, depending on surface conditions, density and size of plantings.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions

This product may be used to repel deer, rabbits, tree squirrels, and other animals that feed on edible crops, flowers, grass, bulbs, shrubs, plants, seedlings, and trees. Do not apply at temperatures below 40° F, or in wet, windy conditions. *Registered in California for deer only.*

Food Crops

Spray up to two weeks before harvesting wash edibles well before eating. Apply at temperatures between 40° F and 90° F, but not in wet, windy conditions. Each application lasts 2 to 3 months under normal deer pressure and weather conditions.

Application Directions

Spray container of DEER-OFF® spray before use. Spray leaves, stems and branches from all angles, until run-off or leaves look wet. Treat vulnerable plants at the beginning of each damage season. Reapply as new growth emerges, and if the effects of the previous treatment appear to be waning. Clean sprayer after each application to prevent clogging.

One pint of DEER-OFF® ready-to-use spray treats 20-25 ornamental shrubs 4 feet tall or an area of about 250 sq. ft. Surface conditions and size of plantings will affect the area for treatment with a given quantity of spray. Before large-scale treatments, test product on a small area of each plant type to make sure that DEER-OFF® will not damage the plant.

Precautionary Statements

Caution: May cause moderate eye irritation. Avoid contact with eyes, skin or clothing. In case of contact, wash thoroughly with soap and water after handling. May be hazardous to humans and domestic animals.

First Aid

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Contact 1-800-858-7378 for emergency medical treatment advice.

Environmental Hazards

Do not apply directly to water or to areas where surface water is present, or to intertidal areas below the mean high water mark. Keep out of lakes, streams and ponds. Do not contaminate water by equipment cleaning or waste disposal.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal. **Storage:** Store only in original container, in a cool, dry area. Keep away from children and pets. Protect from heat and freezing. Store between 40° F and 90° F. Keep container tightly closed to prevent spillage and evaporation. If spillage occurs, dilute with water and flush away.

Pesticide Disposal:

Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal:

Do not reuse empty container. All containers, including mixing containers, should be triple rinsed then offered for recycling, punctured and disposed of in a sanitary landfill, or incinerated, if allowed by state and local authorities. Container can be burned (if burned, stay out of smoke).
